#### About me

While I was finishing my degree in Industrial Design and Product Development Engineering (2015-2019) at the University of Zaragoza, I decided to undertake as a freelance illustrator, learning digital techniques in a self-taught way, using programs such as Procreate, Paint Tool Sai or Clip Studio Paint.

In recent years I have had the opportunity to continue evolving my personal style, and work with authors and publishers nationally and internationally, while continuing to create for my social networks, collaborating with writers and working on personal comic projects.

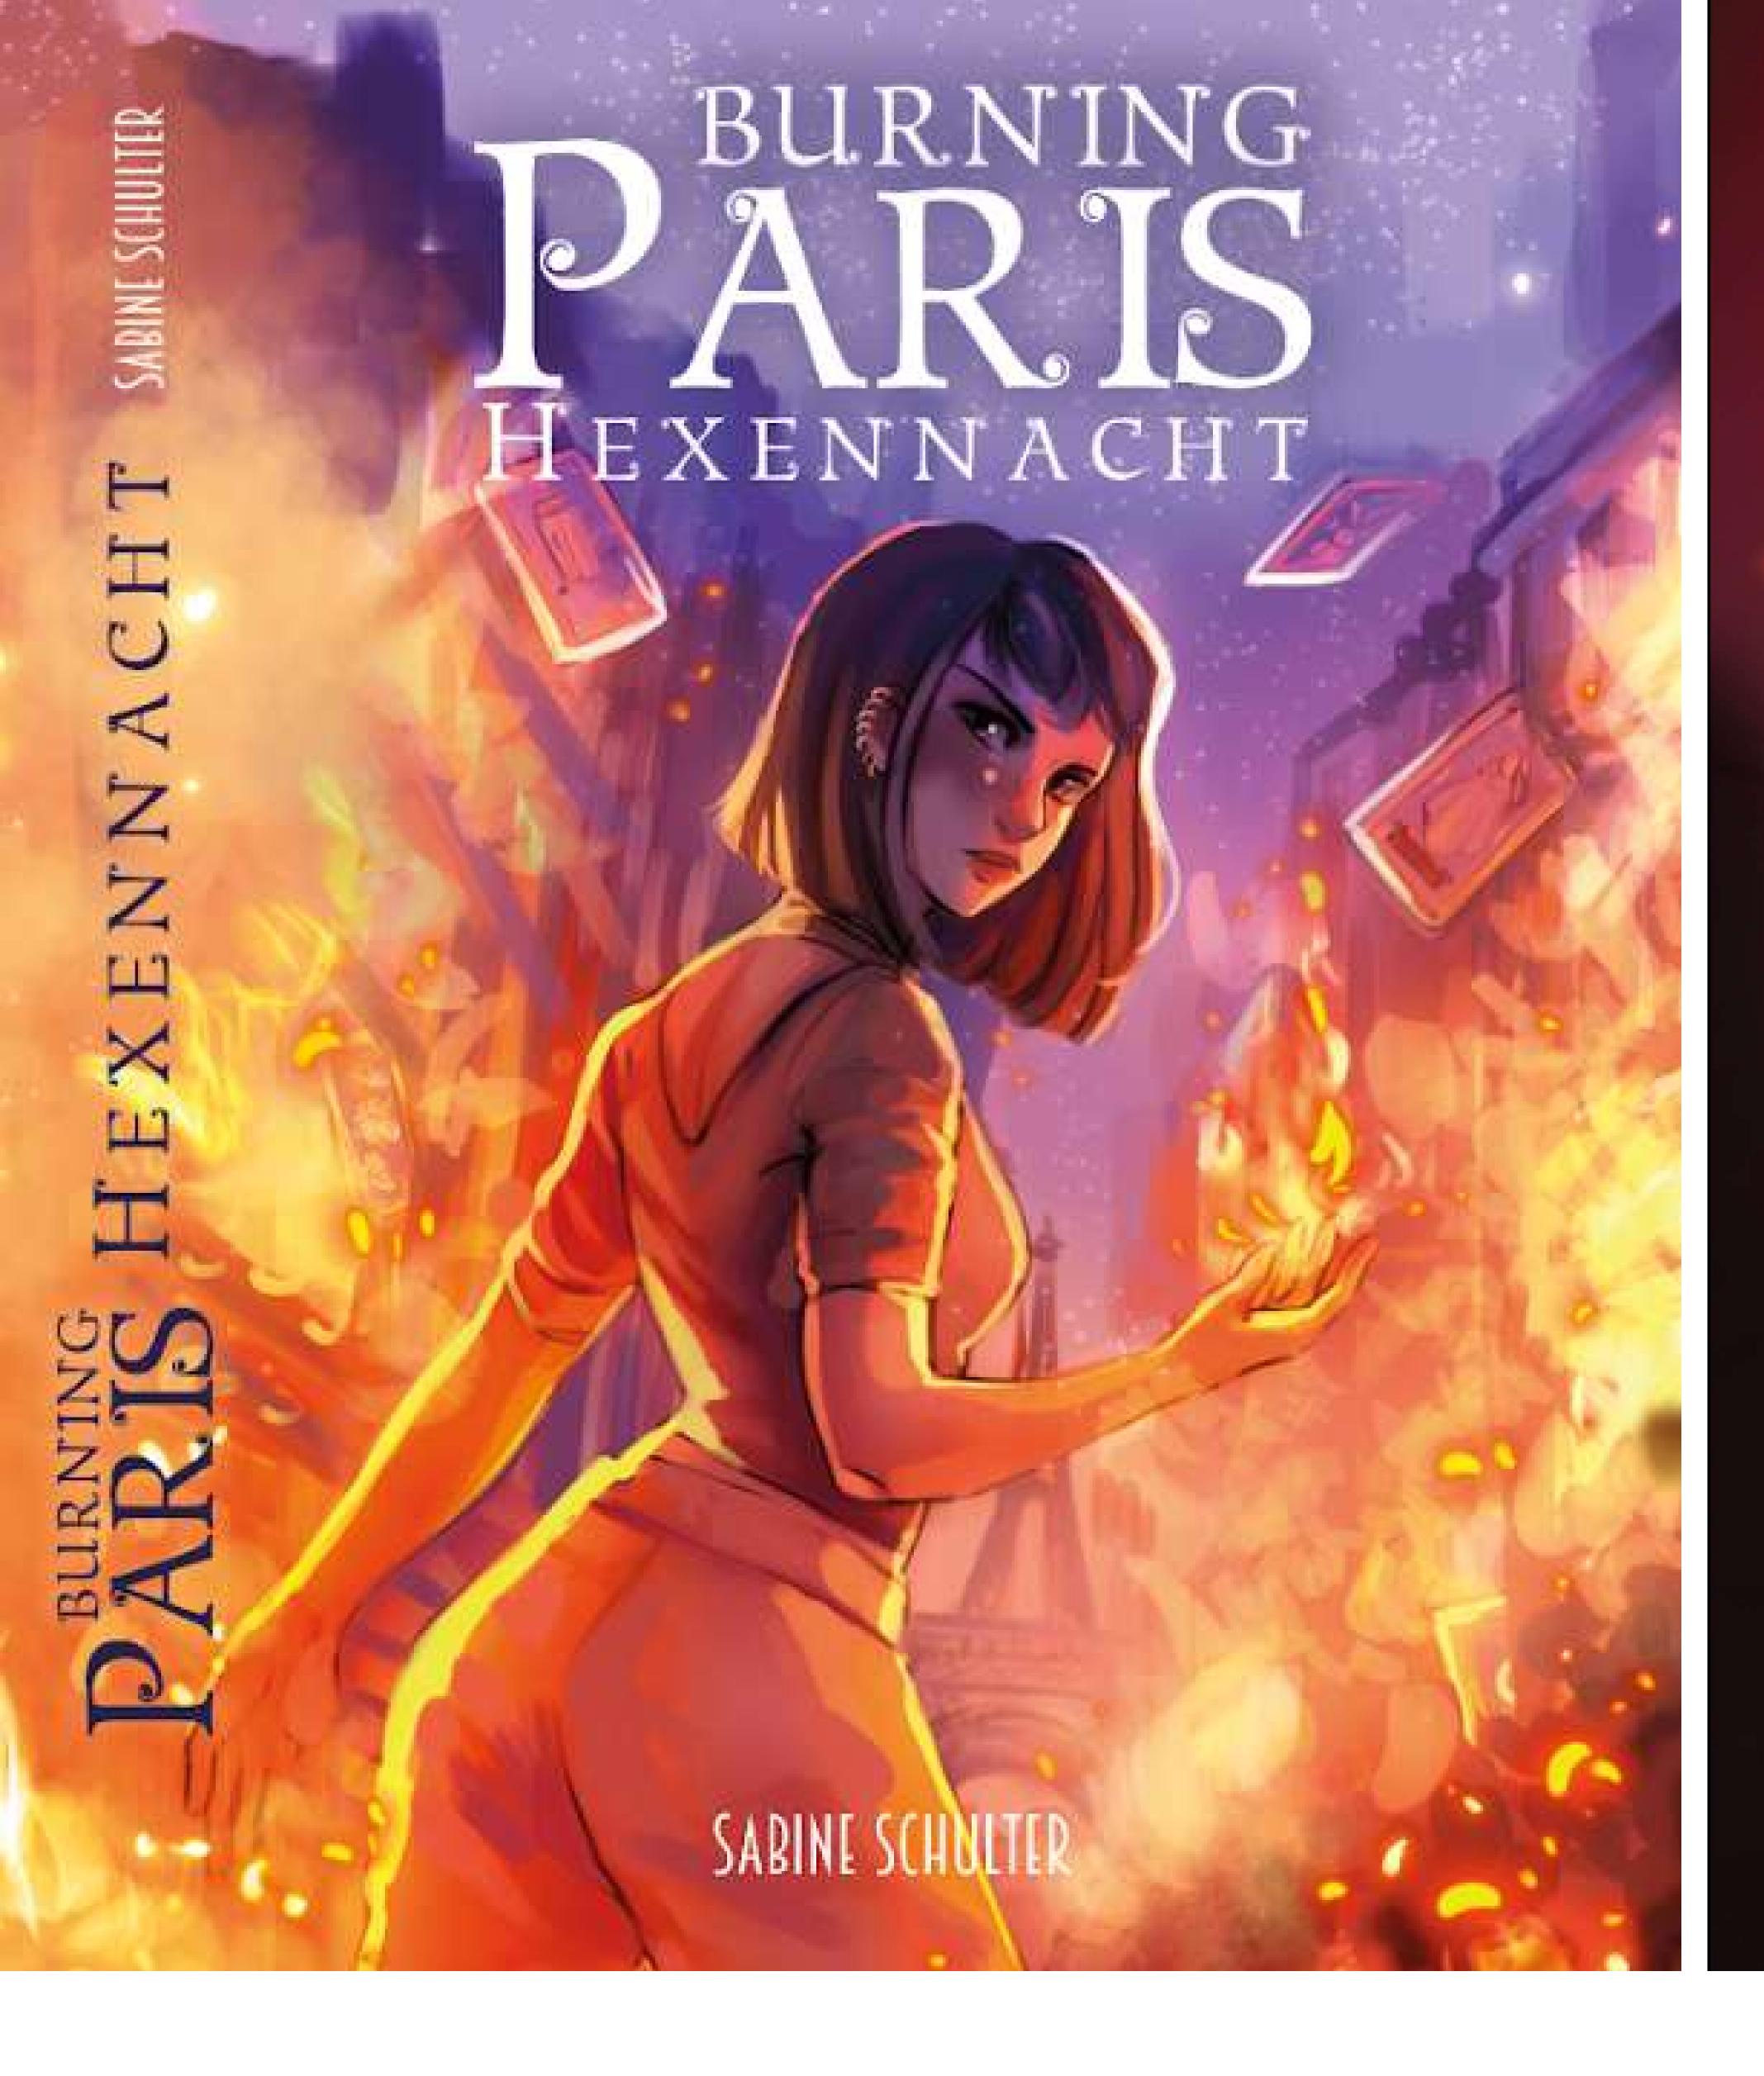

In this portfolio you will find some of the projects I have done in collaboration with authors and publishers, mostly Young Adult novels and children's and young adult fantasy.

## illustrated covers

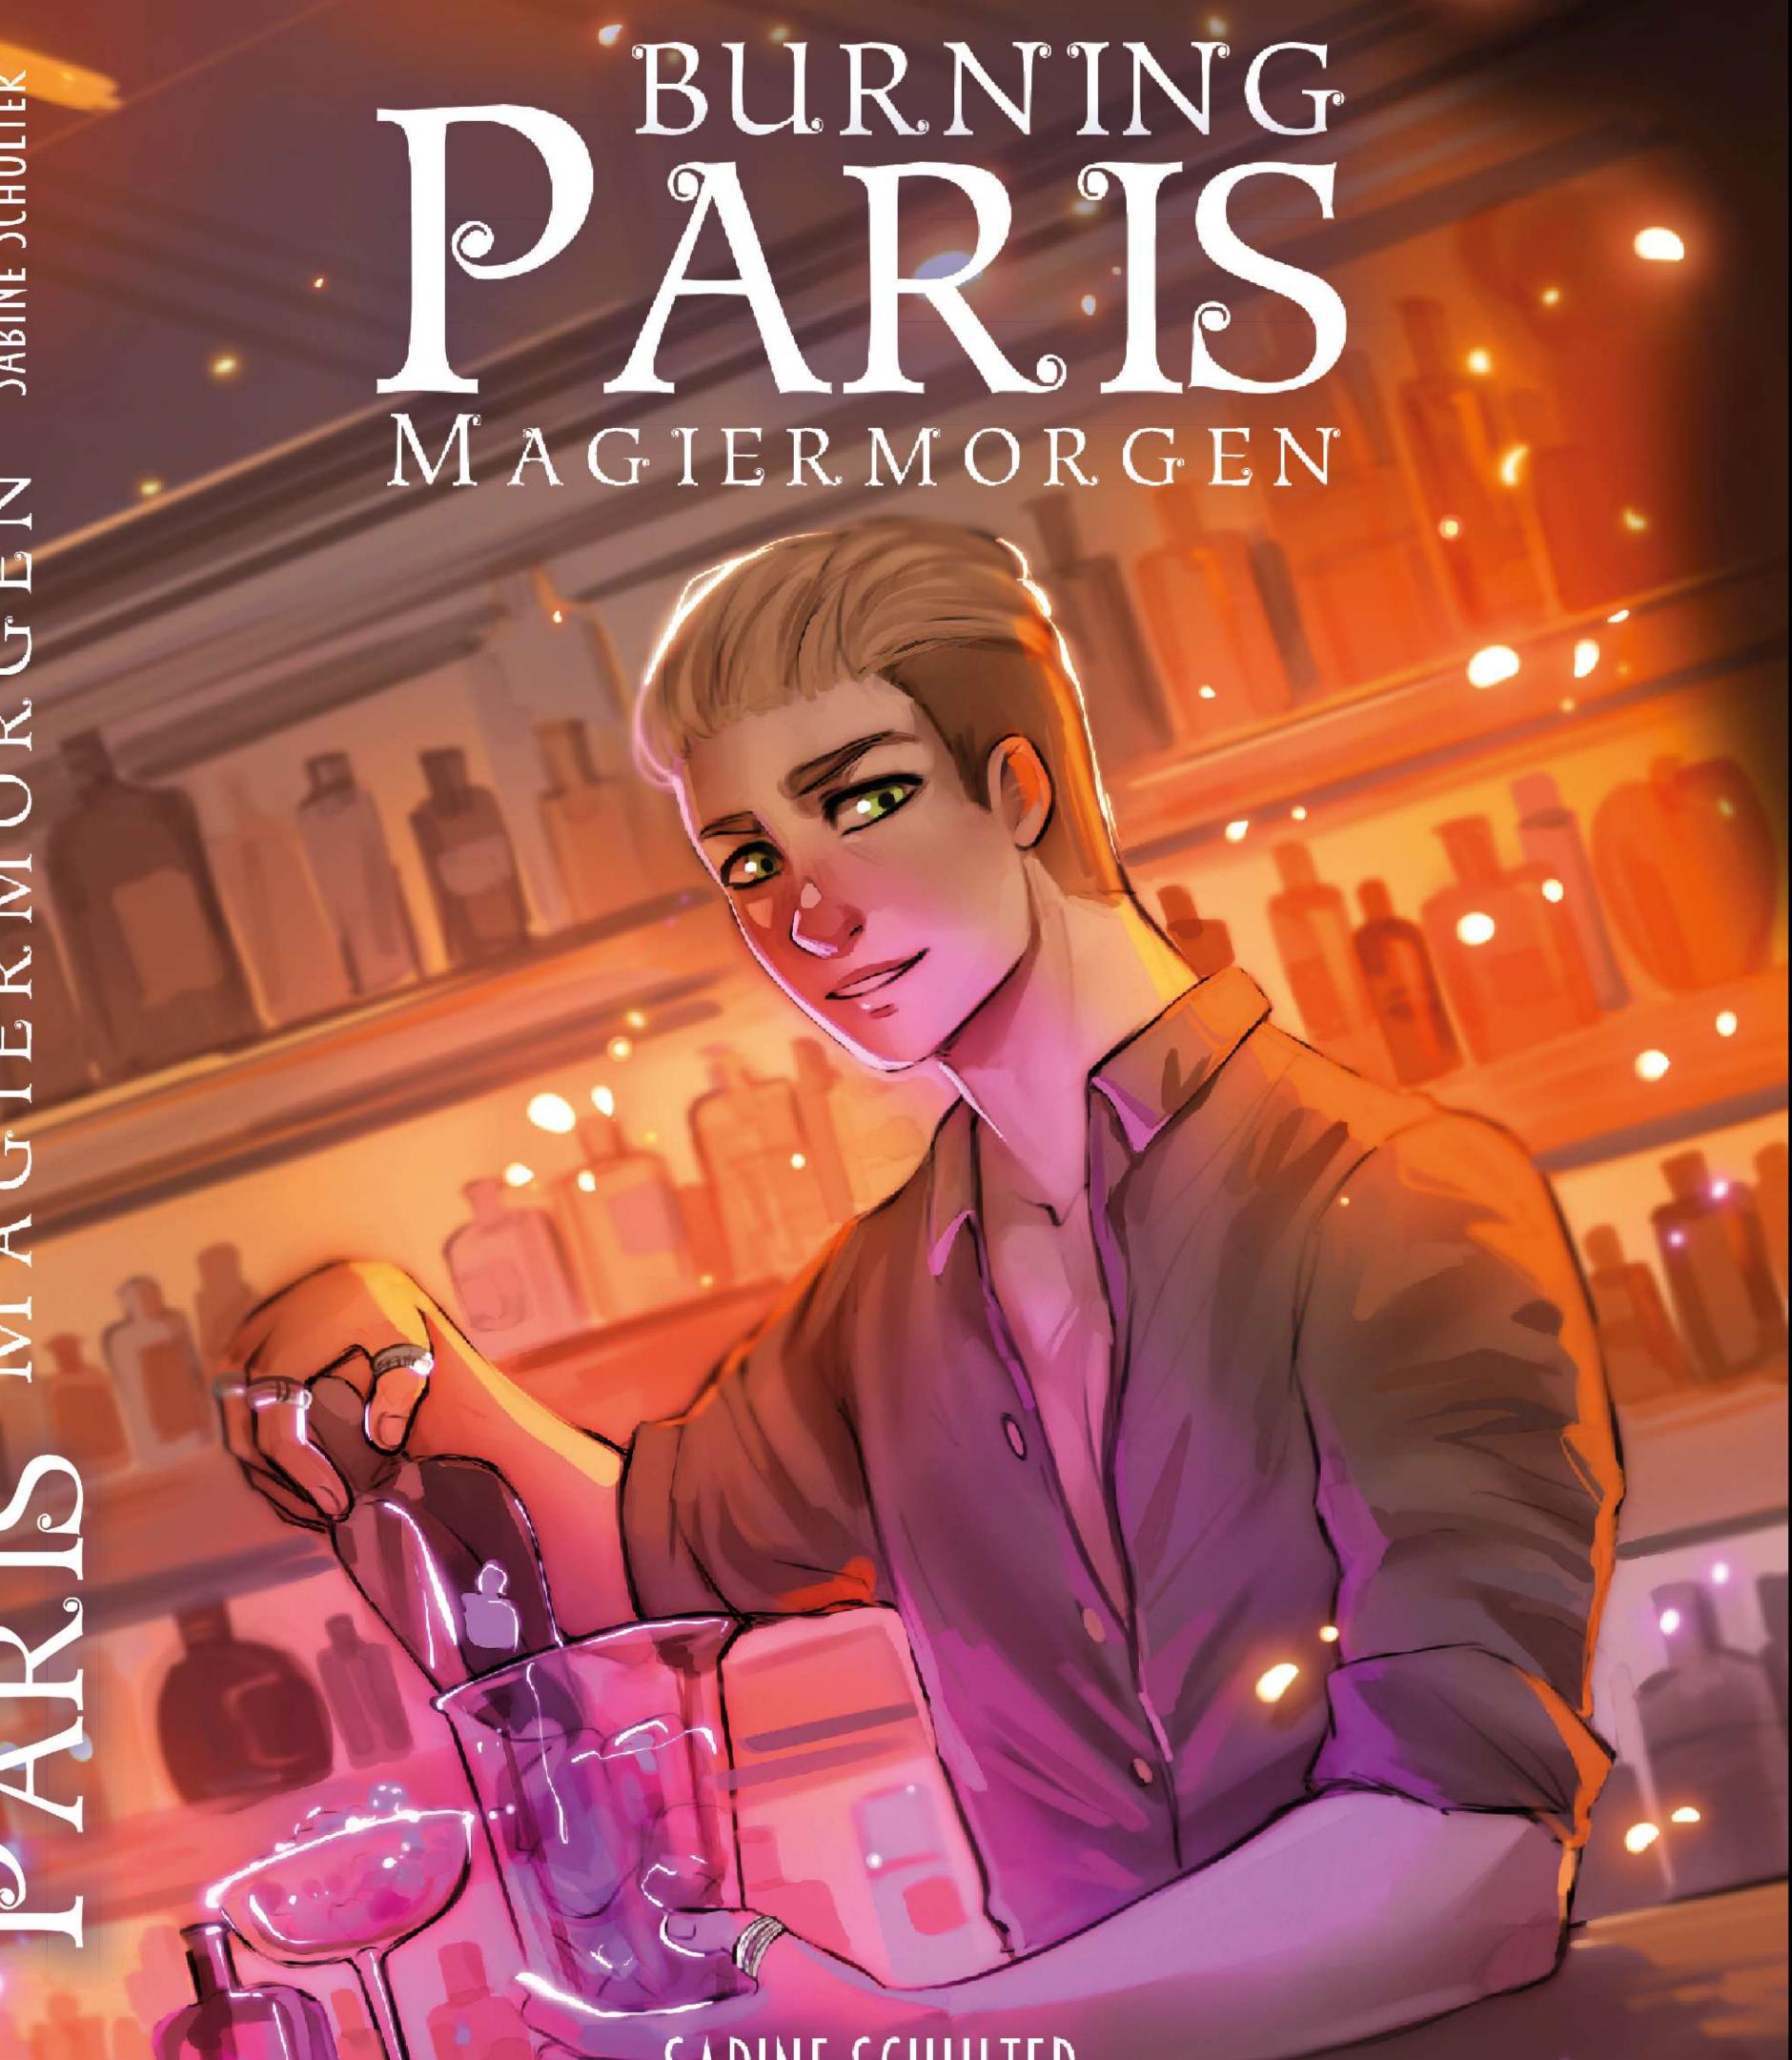

Nur knapp entgeht Blanche dem sicheren Tod. Ihre Feinde sind mächtiger und hintertriebener als sie je zu glauben bereit gewesen war. Alles um sie herum scheint zu zerbrechen: ihr Zirkel, bedroht durch das Gift; Felicia, zur Flucht gezwungen; die Magie, durch Machenschaften in Gefahr.

Einzig Kenneth steht noch an ihrer Seite.

Der Mann, der sie belog, hinterging... und rettete.

Können sie gemeinsam Paris vor dem Untergang bewahren?
